

THE FAYETTE FALCON.

ESTABLISHED 1866.

SOMERVILLE, TENNESSEE, FRIDAY, MAY 9, 1919

NEW SERIES, VOL. XII.—NO. 45

Moscow

A splendid talk on the Centenary movement was delivered Sunday at the local M. E. Church by Mr. Lester of Memphis, and the speaker's remarks were attentively listened to by those present.

Mr. and Mrs. Jim Nebhut and Mr. Sanders and wife of Rossville, and W. P. Cowan, M. L. Carter, Lipscomb Cogwell and wife, Winburn Cowan and wife, L. E. Anderson and wife, Miss Anderson and Rev. W. F. Acuff and wife of LaGrange were welcome callers here Sunday and attended the speaking at the M. E. Church.

Mrs. C. H. Rich spent the day Friday in Memphis.

Trustee J. T. Jordan was among local friends Sunday.

Miss Alice Hood expects to visit Jackson friends at that place Saturday.

Miss Lucille Pearce was a recent guest at the home of her parents Mr. and Mrs. J. A. Pearce.

Miss Lorene Roach was married to Pratt Bobbitt Tuesday in Memphis. The young couple will make their home in Moscow.

If the finite and visible can be so beautiful what must the infinite and eternal be?

The Burdison residence is fast nearing completion.

Miss Eva Anthony of Ripley is visiting her sister, Mrs. Guy W. Musgrave.

The great Centenary drive starts May 18. What a splendid chance to contribute to a most excellent and worthy cause?

Insolvent Notice

Having suggested the insolvency of the estate of David Young, deceased, to the County Court Clerk of Fayette County, Tennessee, all parties having claims against said estate are hereby notified to file same with the County Court Clerk, duly authenticated as prescribed by law on, or before, the 5th day of September, 1919, or the same will be forever barred.

This April 30th, 1919.
5-16 H. P. HOBSON, Admr.

Do Your Best.

Everyone should do all he can to provide for his family and in order to do this he must keep his physical system in the best condition possible. No one can reasonably hope to do much when he is half sick a good share of the time. If you are constipated, bilious or troubled with indigestion get a package of Chamberlain's Tablets and follow the plain printed directions, and you will soon be feeling alright and able to do a day's work.

Co-operative Shipping Date

In order that there be no misunderstanding about the time to make the next co-operative shipment of live stock, Friday, May 23, is set for those who want to ship to bring in your cattle and hogs. But this fact must be observed: You must list your stock with the county agent, both cattle and hogs, by giving the number of head you have and approximate average weight. All those who desire to ship must list your stock by May 17 in order that reservation may be made for you.

I notice many farmers are shipping hogs that will not weigh more than 75 or 100 lbs. and many of these in poor condition, no man in the county should ship a hog weighing less than 150 lbs. and not unless they are in first class condition you will get for better results and the county will establish a better reputation as a live-stock county. This was demonstrated in the last shipment because the best hogs brought from 20 to 21 cents. Now if you desire to ship furnish your hogs on corn and pasture, list them early with the County Agent and bring them to Somerville on Friday, May 23 and let ship about 4 or 5 cars of cattle and hogs the same day.
W. A. OWENS, County Agent.

About Rheumatism

People are learning that it is only a waste of time and money to take medicine internally for chronic and muscular rheumatism, and about ninety-nine out of a hundred cases are one or the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Try it. It costs but 35 cents per bottle. Large size 60 cents.

The Falcon, \$1.50 per year.

Mrs. M. Skaller.

At the home of her daughter, Mrs. Louis Lipky, in this city last Monday death came to Mrs. Lenora Kornik Skaller, widow of the late Mark Skaller of this city.

Mrs. Skaller was born in Gratz, Germany, June 24, 1846, and so was in the seventy third year of her life, fifty three years of which she had been a resident of Somerville. Fifty years ago she was married to Mr. Skaller and from the Union two sons, Leo and Roy both of Memphis, and two daughters, Mrs. Louis Lipky of this city, and Mrs. John Lehman of New York, survive, the husband having crossed over but a few years ago.

When but 13 years of age deceased became a member of the Jewish Temple and during the three score of years she has kept the faith and given to its good works.

Twenty four years Mrs. Skaller has been a sufferer, most of that time unable to walk a step without assistance, but she has murmured not on this account, and thru the long years that her body was racked with pain she has shown always the sunniest of disposition and has worn constantly the sweet smile of contentment and of pleasure at the beautiful attention that her husband and children have uniformly given her. In her hours of deepest suffering this lovely attention from these dear ones have formed a sweet and shining spot in life's book for her, and her passing was of that gentle, sweet kind that saw no pain, simply a passing from life to death as from waking to sleep. Services were held at the Lipky home Wednesday morning by Dr. Fineschreiber of Memphis whose tribute to deceased was one of sweetest ever paid to any one in this city. The floral designs were numerous and beautiful. The body was carried to Memphis Wednesday afternoon and entered in the Jewish Cemetery in that city.

For a Weak Stomach

As a general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated take one of Chamberlain's Tablets.

The Falcon, \$1.50 per year.

CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodsou's Liver Tonic, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodsou's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; their like it.

Mr. J. Sidney Morris

Mr. J. Sidney Morris died at his home in Collierville, Tennessee, Sunday morning April 27th after a lingering illness of consumption, at an advanced age of seventy odd years. Mr. Morris was born and reared in Fayette county and spent his entire life in said county until moving to Collierville from his home near Canadaville in the ninth district three years ago. For many years Mr. Morris was a valued member of the Fayette County Court, when quite young was married to Miss Mollie Neville with two sons survive him, Hugh and Norman Morris of Collierville. Mr. Morris was a member of the Cumberland Presbyterian Church and was in every sense of the word an honorable peaceable and quiet gentleman, commanding the respect and confidence of every one. His remains were buried Sunday evening at Collierville.

W. W. FREEMAN

Garden Notes

May 1 is counted the correct time to begin transplanting of sweet potato plants in this section, and it is plenty early. Many people have already put out plants in the county, but we have already had numerous reports of plants being lost from effects of the cold. Not from frost, but from the effects of continued cool weather. The time has come now, however, to put these plants out and transplanting can continue from now till about the first of July with hope of making a good yield.

Cauliflower is an easy plant to raise and makes a delicious dish when boiled in clear water and served with cream dressing. And its most common use is in pickles. A paper of seed will furnish enough plants for an average family and it should be handled exactly like cabbage, which it very much resembles. Can be planted as a spring crop and as a fall crop.

We have a bushel of seed of a new Irish potato which we will try this year. The tuber looks very much like the Triumph, but should be planted only in June and dug just before frost. It is called Red Ripper and is said to be among the most prolific of all potatoes and to keep perfectly thru the winter. We are trying them for the first time this year and will plant in June as advised.

Already we are being asked about handling tomato plants for best production. As stated before, we stake every plant and prune off ALL suckers, limbs, and leave only the main stalk. This gives us earlier and better tomatoes and more of them, and allows more perfect ripening of the fruits. A little trouble to stake and tie up each plant, but it pays us well. Don't forget the succession plantings of snap beans and corn for roasting ears. Snap beans, roasting ears and tomatoes should be in daily

use from early June till frost and can be if a little effort is put forth to that end.

Transplant the lettuce to rows and put it a foot apart in the drill if you want it to head, and you must see that it is a heading variety.

Every garden should have a liberal planting of butter beans, one of the most delicious of vegetables. The small varieties of beans, either bunch or running, are better suited to the south than the large varieties and will give a much better crop.

A Texas Wonder.

The Texas Wonder for kidney and bladder troubles, gravel, diabetes weak and lame back, rheumatism and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.25. One small bottle is two months' treatment and often cures. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive street, St. Louis, Mo. Sold by druggists, adv. 11

Maj. Richard N. Ware Jr.

Richard N. Ware, Jr. formerly a clerk in the Memphis postoffice and now with the American Expeditionary Forces in France, has been promoted from the rank of captain to that of major, according to word received here. Major Ware who came to Memphis from Moscow, Tennessee, several years ago, served with the First Tennessee on the Mexican border and rose from the ranks to his present position.

The above from the Commercial Appeal is of interest to the friends of Major Ware in this county. He is a son of Esq. and Mrs. R. N. Ware of Moscow.

Henley-Boyd

Last Sunday afternoon, April 27th in the parlor of the Presbyterian Manse in Somerville, Tennessee a pretty wedding was solemnized, the contracting parties being Miss Nona Elizabeth Boyd and Mr. Thomas Byron Henley, both of Laconia. Rev. C. A. Harper impressively reading the service that united them in marriage. The bride was reared in the second district, and is the daughter of Mr. and Mrs. C. J. Boyd, and by her sunny disposition and willingness to be a help in all religious, social and educational affairs, won a place in the hearts of all who met her, and was one of the most popular young ladies of the community. The bridegroom is the son of Mrs. Bettie Henley and is well known thruout the county, having as clerk and manager been connected with the mercantile business for several years, and by his strict integrity won the confidence and esteem of all who knew him. They left immediately for Memphis, and after May 5th will be at home to their friends in Somerville.

Suggestion for a Camping Trip.

Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times and at such times and places it is most likely to be needed. The safe way is to have it with you.

Colburn-Lightfoot

A "High Noon" on May 6 1919 the platinal home of Mr. and Mrs. Fred Lightfoot was a scene of loveliness when in the presence of a few friends and relatives they gave in marriage their daughter, Virginia, to Mr. Byron Colburn, of Texas. The house was profusely and most tastefully decorated by loving hands with exquisite spring flowers, the parlor being entirely of green and white. Miss Frances Gotten of Bartlett gracefully played the wedding march, to the harmonious strains of which the bridal couple advanced to the beautiful improvised altar of green and white, under which they stood while her pastor, Rev. Yates Moore, said in his pleasing and impressive manner the ceremony which made their two hearts one. Miss Carolyn Bryson in her very sweetest voice sang "Untill" very much to the delight of every one. The bride is one of our most popular girls, just budding in all the radiance of tender womanhood, with the many traits of character that will surely adorn and make happy the home of the man of her choice. The groom is a very substantial business man of sound morals and industrial habits, which has made him popular among a large circle of friends. Their romance began before the war, so when the call "to arms" came he patriotically and willingly heeded, leaving his girl and heart behind, but as soon as he returned to his native soil, came to claim the hand of his girl. For the ceremony the bride wore a very becoming tailored gown of dark blue silk with hat and gloves in harmony, and wore a corsage bouquet of orchids and valley lilies, they received many handsome and beautiful presents. Immediately after the ceremony and the hearty congratulations of friends the happy couple left at the 2 p. m. train for Memphis, where they were met by friends, Mrs. Gotten and Mrs. Gregory, after giving them a most enjoyable ride over the city, took them to the Chisca Hotel, where they entertained them with a most elaborate 6 o'clock dinner at 6 p. m. they departed for their future home beneath the beautiful skies of Cameron Texas, carrying with them from their many friends the warmest wishes that they may have the fairest of lives flowers, the fruition of happiness and that Heaven may shower upon them its richest blessings.

A FRIEND

Growing Hogs

For a growing hog to be profitable he must be kept growing from birth to marketing age. He cannot be profitable unless he is healthy. He can always be in a profit-producing condition if he is fed B. A. Thomas' Hog Powder. We positively tell you that this remedy prevents cholera, removes worms and cures thumps. If the powder does not make good, we will—W. S. Shinnatt Somerville, J. H. Morris, Williston.

The Falcon \$1.50 a year.

School Notes.

The County Superintendent has almost completed his rounds of the county schools, having missed a very few that have closed the session already, and will complete his visits to the others in the next few days. The schools in this, as well as in other counties, have had a hard time of it with interruption after interruption to interfere with the regular progress of the work.

The County Board of Education met in special session Tuesday for the purpose of electing teachers for the next school year beginning next summer. Few Advisory Boards had made recommendations for teachers and it was necessary to leave a large number of schools not provided with teachers, although indications are that there will not be a scarcity of teachers this year. Those who want positions now might apply to the County Superintendent, remembering that no teacher can be employed who has not had the full four year high school course. Teachers must also hold certificates good for next year, as they can not hear from the July examinations in time to open schools when desired in the summer, about August 1.

Prof. E. S. Rounton of the County High School advises us now that he has a Babcock milk tester and will be very glad to test any sample of milk sent him for that purpose, to determine the percentage of butter-fat. The sample of milk must be fresh and must be from four to six ounces. If any citizen wants to know just how rich in butter-fat is the milk of his cow he can learn without cost by sending sample to Prof. Rounton.

By action of the County Board Tuesday the consolidation of Union School in the eighth district with Oakland School is completed. An additional room will probably be built at Oakland, and when the new session starts in the fall a wagonette will be run from Union vicinity to Oakland.

Consolidation of Simmons School in the twelfth district with Moscow School has been proposed and will perhaps be worked out for next term.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this Beautiful Lotion Cheaply for Your Face, Neck, Arms and Hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart of the most wonderful lemon skin softer and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whiter and beautifier. Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocery and make up quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms, and hands. It is marvelous to smoothen rough, red hands.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

To Addie Leola Trainer

Walter S. Shinnatt vs. Addie Leola Trainer. In the above styled cause it appearing from the petition which is sworn to that the defendant, Addie Leola Trainer, is a non-resident of the state of Tennessee, she is, therefore, hereby required to appear on or before, the 1st Monday in July next before the County Court at the Courthouse in Somerville, Tennessee, and make defense to the petition filed against her in said court by Walter S. Shinnatt, or otherwise the petition will be taken for confessed. It is further ordered that this notice be published for four consecutive weeks in the Fayette Falcon.

C. W. CRAWFORD, Clerk.
H. P. HOBSON, Sol'r 4-30

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 50c per bottle.
